MAHENDRA EDUCATIONAL TRUST

Mahendra Educational Trust was established in 1978 by the renowned educationist and philanthropist, Thiru. M. G. Bharath Kumar. Being a passionate teacher himself, he had a vision of uplifting the rural population of Salem and Namakkal districts through quality education with special emphasis on skill development.

Beginning with schools, the Trust later established institutions of higher education across a number of disciplines. Over time, the number of institutions grew up by leaps and bounds to encompass over 25,000 students in various disciplines like Engineering, Science, Arts, Commerce, and Teacher Education.

With an unwavering commitment to excellence in education and a keen focus on quality, the institutions under the Mahendra Group have continued to raise the benchmark of achievements at all levels of education.
